SIR,

In returning appeal petitions received with your Official Memorandum Nos. 2505-L.F.51-02 and 3298-L.F.51-02 dated the 5th January and 2nd March 1904 respectively, I - have the honor to report as follows:-

2. In the year 1901 the Sanitary Works Department pro -posed to widen the lane called Venkatarayappa's Galli in Jumma Masjid road. It was proposed to acquire the portion of house marked C in the enclosed plan by giving in exchange the municipal land marked B to which the petitioner agreed. When the petitioner applied for license to build a latrine on B , one Subbrayappa, the owner of adjoining house, object-ed to it.

3. In June 1902 Mr Sparkes the then President decided after inspection to reserve land B as open space and not to give it to the petitioner and to acquire land C by paying compensation. The petitioner was not satisfied with this decision.

4. In April 1904 Mr Devaraj Urs suggested the grant of land D in exchange of C to which the owner of A objected.

5. On the 10th Instant, I inspected the spot and -- came to the same conclusion as Mr. Sparkes. The space B - and D if given at all must be given to the owners of the - adjoining houses since their latrines open into the space-

and

4
and not to the petitioner on e oppo
lane

6 In conclusion, I beg to state that the portion of the petitioner's house marked C which projects into the lane will be acquired under the Regulations for widening the lane since it is impracticable to give him any land in exchange as proposed before.

I have the honor to be
Sir,
Your most obedient servant,

N. B. Nagarkar

To

The Secretary to the Government of

General and Revenue Departments,
BANGALORE.

Sir,

With reference to your docket No. 357/L.B.51-02 dated the 16th Ultimo, calling for further information regarding the land to be acquired out of the house of Mahantina Appajiah in Jumma Masjid Road for widening a lane called Venkatarayappa's gully, I have the honor to submit herewith a plan showing the built and unbuilt portions of Appajiah's house.

2. The portion marked C was being partly used as a privy and partly as a pial. The portion A marked yellow in the enclosed plan, which was till lately a vacant space, has been recently built up by Appajiah and the portion B is still vacant.

3. Because there was sufficient vacant space at the backyard for a latrine that Mr. Sparkes decided on the acquisition of the land C without feeling any necessity to give to Appajiah any land in exchange. But Appajiah appears to have built up in the interval the vacant portion in his backyard, without intimation to the Municipality, to prevent the Municipality from acquiring his land C as decided by Mr. Sparkes

4. On a further inspection of the place recently and on pointing out to Appajiah his objectionable action in having built up, without reference to the Municipality, a por-

-t -tion

portion of his backyard, he was induced to agree to part with C on being given the Municipal land D together with a small payment of compensation. The Municipal land E has been proposed to be given at a fair valuation to the owner of E who had originally objected to E being given away to Appajiah. Appajiah and owner of F have executed muchalikas binding themselves to the terms stated above

I have the honor to be

Sir,

Your most obedient servant
